## Measure a ring that properly fits the right finger

1. Select a ring that properly fits the intended finger. Traditionally the engagement- and wedding rings are worn on the ring finger of the left or right hand – this differs in every country.
2. Place the ring over the circles below. Match the inside edge of the ring to the circle nearest in size. This measurement refers to the **inside** diameter of the ring.
3. If the ring falls between two sizes, order the larger size.
